*Sai Ram*

Dear Colleague

We have the pleasure of inviting you to the **“11th SISA Live Surgery Workshop 2018”** - an advanced Knee Course on Saturday the 14<sup>th</sup> July 2018 by Sai Institute of Sports Injury & Arthroscopy.

Knee is the most common joint requiring surgery and hence is extensively studied, leading to advancements in the joint preservation techniques. Focus is shifting to **“Preserve the Patient's Knee”** for as long as possible due to increased life expectancy.

This workshop shares the experiences of the eminent surgeons in this field through live surgeries and you get to learn the latest surgery techniques. The course would feature more of practical and technical aspects. We propose to make this meeting an exciting and interesting event.

*Dr. Raghuveer Reddy. K*
