

SISA hosts Live Workshop on advanced knee course

Hyderabad, Jul 14 (UNI) SISA (Sai Institute of Sports Injury and Arthroscopy) hospital here on Saturday hosted a live workshop '11th SISA Live Surgery 2018 Advanced Knee Course', to familiarize orthopaedic surgeons on advanced knee procedures-- High Tibial Osteotomy (HTO), Meniscus Root Repair and Cartilage Cell Implantation.

Over 350 surgeons from different parts of the country participated in the workshop to learn these techniques focused on preservation of knee joint.

Experts led by Dr Raghuveer Reddy K, Sr Shoulder & Knee Surgeon, SISA, the Organizing Secretary of the course Dr Pascal Christel (France & Dubai) and nine other prominent surgeons in the field from India, shared the finer aspects of accomplishing good results from these techniques.
